

Poem about film theatre
 The king catches one of them
 Fairy story from the north grips nation
 Misanthrope's broken heart
 Shoot snob wearing smart top hat
 Litigate against international leader's children
 ?
 Holy man had us at sixes and sevens
 International lawyers interrogate accused deputy heads - it's a long story!
 Start working with clique
 Holding because frozen
 Auntie oddly takes on particle
 ?
 It's played quietly in Tuscany, perhaps
 Ultimately create climax but another idea is added
 Passage is soaked in beer
 Grants a covenant to self-starter
 Lenin has a change of heart for sheets
 Follow footpath
 You'll find hotel before this home help goes west
 Fibre's on the rise somewhat in cereal, as I said

Shy duck
 Split personality maybe damaged actor
 Archaeological exploration leads to Italian figure
 Same old American gangster taking you in
 Red-blooded animal's tail found by American on outer reaches of territory
 Roughly chopped celeriac with useless part discarded
 Slacker girdle defying gravity ends up in knots
 Decline in gold is so long
 Kent originally dismissed from dodgy wicket more than once
 Fight for fifty in notes
 It helps to raise my final point

Articulate but held back by ridicule
 Modified leaf floating around in chocolate pavlova.
