

Across

- 2 The mean is affected by _____ values (7)
- 3 In statistical analysis _____ data is used more extensively (9)
- 7 The median is not as useful for making _____ inferences. (11)
- 8 Population based statistics (11)

Down

- 1 _____st atistics describes the data (11)
- 4 The median can be found for _____ Data (9)
- 5 In Measures of _____ data is spread out around the middle (10)
- 6 Disadvantages of using the mode. Sometimes data sets are multimodal (10)
- 9 A simplified representation of a more complex reality (5)
- 10 In Measures of central tendency data tends to _____ in the middle (6)

- 4 The median can be found for _____ Data (9)
- 5 In Measures of _____ data is spread out around the middle (10)
- 6 Disadvantages of using the mode. Sometimes data sets are multimodal (10)
- 9 Every set of data has only one _____. It is useful for making

statistical inferences. (4)
