

Across

- 3 Affective neuroscience concept encompassing emotional responses (8)
- 4 Specialised cell transmitting electrochemical signals (5)
- 6 Physiological climax of sexual arousal (6)
- 8 Pertaining to tangible bodily attributes or processes (8)
- 10 Related to contractile tissue systems in anatomy (8)
- 11 Cognitive processes occurring in the cerebral cortex (8)
- 14 Uptake of substances through biological membranes (10)
- 15 Parturition process in mammalian reproduction (8)
- 18 Biomechanical actions of the musculoskeletal system (9)

AyurvedicPuzzles©

- 20 Wavelike contractions propelling contents through hollow organs (11)
- 23 Positive emotional state studied in affective psychology (3)
- 24 Gas exchange process in living organisms (11)
- 25 Verbal communication through laryngeal articulation (6)
- 26 Release of substances from glands or cells (9)
- 28 Cognitive faculties of consciousness and thought (4)
- 32 Excretion of metabolic waste products (11)
- 33 Information exchange between biological entities (13)

- 35 Specific roles or actions of biological systems (9)
- 36 Cyclical endometrial shedding in female mammals (12)

Down

- 1 Auditory perception of sound waves (7)
- 2 Pertaining to the fundamental units of life (8)
- 5 Propagating electrical signals in neural tissue (8)
- 7 Synchronisation of physiological processes (12)
- 9 Central organ of the circulatory system (5)
- 10 Homeostatic regulation of bodily systems (11)

- 11 Somatosensory perception of tactile stimuli (5)
- 12 Liquid waste product of renal filtration (5)
- 13 Incorporation of nutrients into cellular structures (12)
- 16 Regulatory control of physiological processes (7)
- 17 Intake of substances into the digestive tract (9)
- 19 Biological catalyst facilitating biochemical reactions (6)
- 20 Sensory interpretation of environmental stimuli (10)
- 21 Related to afferent neural pathways (7)
- 22 Blood flow through the cardiovascular system (11)

- 26 Thermoregulatory exocrine secretion (5)
- 27 Cognitive state of lucid mental processing (7)
- 29 Mitotic or meiotic cellular replication (8)
- 30 Cognitive ability to generate novel ideas (10)
- 31 Solid waste product of digestive processes (5)
- 34 Efferent neural pathways controlling movement (5)
